Dear Mr. Daws:

Re: Bid 0943 Liquid Calcium Chloride

When Waukesha County bid out the Liquid Calcium Chloride this year, we inadvertently left out the following provision regarding piggybacking:

**PIGGYBACKING:**

This commodity has been selected to be made available for use by other units of local government in Southeastern Wisconsin. These subdivisions include the cities, towns, villages, school and special districts who are member of V.A.L.U.E. in Local Government. A current list of members is available at [www.value4gov.org](http://www.value4gov.org) (select FAQ). (The use of this contract by other units of government will be optional.) Sales to the above units of government by the Contractor will be optional and will not be considered when determining award, i.e. it is not mandatory to allow other agencies to participate.

It is to be understood, however, that Waukesha County shall not be responsible for any problems that may arise between any other units of government and the contractor as a result of any sales. Any resulting contract is solely between the supplier and third party unit of government. Billings for items purchased under this agreement shall be directed to the governmental agency making the purchase.

Sincerely,

Diane Knoll, CPPB, Senior Buyer  
Purchasing Division

Please advise if you firm would be willing to extend this privilege to other V.A.L.U.E. members.
