- Joint Bid for Stainless Steel Repair Clamps -

April 17, 2001

Dear V.A.L.U.E. in Local Government Members:

Earlier this month Milwaukee Lead Works, our stainless steel repair clamp supplier went out of business. We are unable to continue purchasing off of V.A.L.U.E. Bid #00-145. Jim Portius of Romac would like all participating agencies to be aware that any outstanding orders you have with Milwaukee Lead Works for Romac clamps will not be fulfilled.

The City of West Allis will once again be the lead agency on the rebidding of Stainless Steel Repair Clamps.

The bid will be for a blanket contract for the period June 15, 2001 through June 14, 2004. It will be sent out on May 10, 2001 and will open on May 24, 2001.

Attached is a copy of the specification as well as a bid commitment form. If you are interested in participating in this joint bid, please fill out and return the form by May 1, 2001.

Your participation in this bid will not result in any loss of control on your part. Each participant will be responsible for issuing their own orders, receiving and storing of all products.

Sincerely,

Robert A. Barwick
